This document consists of photostats of tables giving the scheduled September and October 1952 deliveries of rolling-mill and machinery parts to various GDR plants, most of which belong to either SAG (Soviet Corporation) Transmasch or SAG AMO. The supplier plant is the Ernst Thaelmann Works, in Magdeburg, unless otherwise indicated under the comments column of a given table. The tables in general are set up according to the same format.

An example (a) one of the tables is a report on the September and October 1952 scheduled deliveries of forged parts by the Ernst Thaelmann Works to the Chemical Machine-Building Works, in Rudisleben. This table is set up under the following headings: a) order number; b) supplier's number; c) number of units; d) designation of part (gear wheels, rolls, etc.); e) dimensions of part; f) designation of raw material used; g) weight of part in tons; h) deadline delivery date; i) comments (date delivery was or will be made, cancellations, other supplier plants, etc.)
